## TECHNICAL SKILLS

- **Web Development:** Proficient in HTML5, CSS3, JavaScript (using Visual Studio Code).
- **Programming Knowledge:** Basic understanding of Python (learning API integration), R, and Java.
- **App Development:** Experienced in Android Studio, created a Flashlight app using Java.
- **Database Management:** Proficient in SQL and DBMS.
- **Microsoft Office Tools:** Experienced in MS Word, Excel, PowerPoint.
- **Video Editing:** Skilled in Filmora and CapCut, specializing in crafting content for Instagram and Youtube.
- **Photo Editing:** Knowledgeable in Adobe Photoshop for professional photo editing.

## PROJECTS

**Personal Portfolio Website** | *HTML5, CSS3, Javascript* | [GitHub Repository](#)

Developed a responsive personal portfolio using HTML, CSS, and JavaScript to showcase web development skills and projects.

### Key Features:

- Implemented a **mobile-first design** for optimal viewing on all devices.
- Created interactive elements with JavaScript, including **smooth scrolling** and a **dark mode toggle**.
- Optimized performance, achieving a score of 80 on Google PageSpeed Insights.

**Flashlight App** | *Android Studio, Java*

Developed a flashlight application for Android using Android Studio as part of a college project, showcasing my skills in mobile app development.

### Key Features:

- **Camera Access:** Implemented camera permission handling to access the device's flashlight.
- **User Interface:** Designed a user-friendly interface with responsive elements, including an image toggle and button for turning the flashlight on and off.
- **Dynamic Functionality:** Utilized Java to manage the flashlight state, allowing users to switch between on/off modes seamlessly.
